

Technical Data Sheet

B7779 FOOD SAFE LUBE

Revised 03.08.10

BONDLOCTM
FORMULAS THAT WORK

PRODUCT DESCRIPTION

B7779 contains refined vegetable oil and is highly recommended for use in all food plants, dairies, canneries and breweries, etc. The aerosol may eliminate the need for brushes, paddles and bulk grease.

CHARACTERISTICS

Physical state	400ml aerosol
Appearance	Straw coloured liquid
Odour	Minimal
Auto flammability	Unknown for blend >200°C
Can pressure	3.5 Bar

PRODUCT APPLICATION

Hold upright and spray from a distance of 25-30cm on to moving or stationary machinery. If used while machinery is in motion, safety guards must NOT be removed.

PRODUCT PROPERTIES

Its high vegetable oil content shows good penetration properties which help carry the lubricant deep into the machinery, eg. Chain linkages, roller pins, cables, sprockets, stirrups, plungers, slides, guide rails, cams, castors and gears, etc.

It is effective over a wide range of temperatures and possesses superb anti-static and anti-stick properties, leaving a film to offer short term anti-corrosion properties.

It contains no silicones. This product is not suitable for direct application to food or food bearing/ preparing surfaces, eg. chocolate moulds or as a bread tray release agent.

No food related approvals have been sought or are made for this product.

Excellent penetration qualities with rust, scale and general contaminants providing an effective release of seized or corroded threaded fasteners.

INSTRUCTIONS FOR USE

B7779 should be shaken well before use. It should be sprayed directly onto tool and component. Product is normally sprayed directly from the can from a distance of 20-30cm. Avoid spraying it on or near hot surfaces or naked flames. Do not smoke whilst in use.

STORAGE

Store in a cool area out of direct sunlight. Shelf Life >12 months @ 20°C.

PRESENTATION

Aerosol 400ml

HEALTH AND SAFETY IN USE

Pressurised container. Protect from sunlight and do not expose to temperatures exceeding 50°C.

Do not pierce or burn even after use.

Do not spray onto naked flame or any incandescent material.

Keep away from sources of ignition.

No smoking.

Do not breathe vapour.

Keep away from children.

PRECAUTIONS: This product and the auxiliary materials normally combined with it are capable of producing adverse health effects ranging from minor skin irritation to serious systemic effects. None of these materials should be used, stored, or transported until the handling precautions and recommendations as stated in the Material Safety Data Sheets (MSDS) for this and all other products being used are understood by all persons who will work with the product.

Warranty: All products purchased from or supplied by Bondloc are subject to terms and conditions set out in the contract. Bondloc warrants only that its product will meet those specifications designated as such herein or in other publications. All other information supplied by Bondloc is considered accurate but are furnished upon the express condition the customer shall make its own assessment to determine the product's suitability for a particular purpose. Bondloc makes no other warranty, either express or implied, including those regarding such other information, the data upon which the same is based, or the results to be obtained from the use thereof; that any product shall be merchantable or fit for any particular purpose; or that the use of such other information or product will not infringe any patent.
